R. D. Harcourt and Th. M. Klapötke, Valence Bond Studies of  $N_5^+$ , Z. Naturforsch. **57b**, 983–992 (2002).

(i) Page 985: In valence bond (VB) structure **X** on page 985 the NN triple bond as displayed in the original paper should be a NN double bond:

(ii) Page 987: The VB structure displayed at the top of the second column on p. 987 should be labeled as structure **Ia**.

(iii) Page 991: In the Acknowledgement on page 991 the authors would like to add the following sentence: “We also thank Mrs. Carmen Nowak for her great help with the preparation of the VB structures and Figures.”
